

Product Information

DS16570511

Cat No: 24160 - 1 mg

General Data

Shipping:	dry ice
Formulation:	A crystalline solid
Purity:	≥95%

Product Overview

DS16570511 is an inhibitor of the mitochondrial calcium uniporter.^{43404} It inhibits calcium uptake by mitochondria isolated from HEK293A cells, rat heart, and pig heart (IC₅₀s = 0.86, 25, and 15 μM, respectively). DS16570511 inhibits fetal bovine serum-induced mitochondrial calcium influx as well as MCU- and MICU1-dependent increases in calcium influx in HEK293A cells (IC₅₀ = 7 μM) but has no effect on mitochondrial membrane potential. Ex vivo, DS16570511 inhibits mitochondrial calcium overload induced by high calcium concentrations in isolated rat hearts. It also reversibly increases cardiac contractility without affecting heart rate.
